RE: Case Number 2006-00052

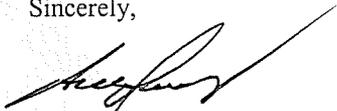

Dear Sir or Madam:

This letter is in response to a recent public notice concerning the construction of a 240 foot cellular tower at 57 Missionary Drive, Russell Springs, Kentucky. The notice did not provide us with enough detailed information to draw a conclusion. Would you please provide the homeowners association with the construction timetable, construction drawings, and the location of the tower on the proposed site?

While we do not disagree that there is a demand for cellular service in the Indiana Hills area, we would like to be kept informed as this progresses. Our concern is the aesthetics of the area and its impact on the area residents.

Please keep us informed as this cell tower proposal progresses.

Sincerely,

Anthony R. Miranda, President
